Printed in Japan

5 19

Caution:

- This lens is not useful with some of the color CCTV camera.
Please contact your sales company for details.
- If the lens is very dirty, wipe it with a soft and dry cloth or a cloth moistened with a solution of water and normal kitchen detergent.
Do not use chemicals for cleaning the cover as it may damage the surface.
- Always turn the Flange-back Adjusting Ring clockwise by loosening the screws on the ring before mounting the lens. Otherwise the inner glass and CCD image sensor could be damaged by the lens.

3. Connect the lens cable to the Auto Iris Lens Connector on the side of the camera.

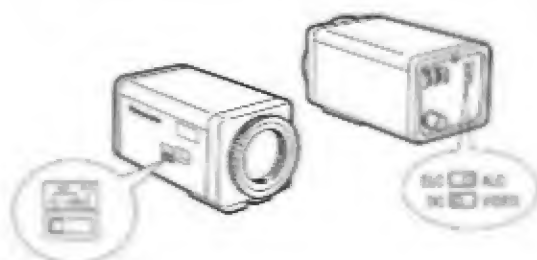

4. Loosen screws on the Flange-back Adjusting Ring of the camera, then turn the ring to bring the object into focus.

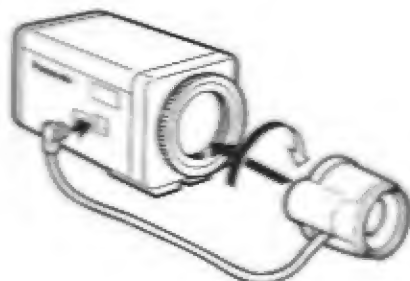

Flange-back Adjusting Ring

Installations

1. Set the ALC selector on the camera to the DC position.

2. Mount the lens by turning it clockwise on the lens mount of the camera.

Caution:

Do not turn this ring excessively counterclockwise as this could damage the inner glass and CCD image sensor.

5. Tighten the screws on the Flange-back Adjusting Ring carefully.
